

2024 Frontiers in Accounting and Finance International Conference

To facilitate interactions among accounting and finance scholars, *NTU Management Review* and *Journal of Accounting Review* will jointly hold the "2024 Frontiers in Accounting and Finance International Conference". As a platform for innovative knowledge in industry, regulators, and academia, we aim to introduce new theories and concepts to the academic and business world through the cross-disciplinary interchange. This conference will focus on accounting- and finance-related topics. Scholars are welcome to present innovative research papers in accounting, financial concept and practice.

【Paper Scope and Research Topics】

【Instructions to Authors】

1. Please submit an original PDF-format research paper, font size 12point and line spacing 1.5 times (including the abstract, the full text, references, figures or appendices).
2. Please remove all author information before submitting the paper, sticking to the principle of keeping names hidden.
3. Submitted papers can be written either in Chinese or in English.
4. The length of manuscripts should be between 15 and 55 pages.
5. The conference shall publish the abstract on the cloud.
6. Please verify all author information before submitting the paper, and do not change it after receiving the review result notification.
7. After reviewing all the submitted papers, the editors of special issues will send out result notifications, and after being assigned to either *NTU Management Review* or *Journal of Accounting Review*, each paper can then be ready for subsequent submissions and second review.
